ABOUT ME

A lifelong lover of nature, I combined my passion with my studies by graduating in the area of environmental sustainability. I would describe myself as a precise person who cares about completing tasks attentively: I am motivated, I listen and learn quickly.

WORK EXPERIENCE

01/2024 – 05/2024 Sesto Fiorentino, Italy

Tutoring and study help

I taught Italian to two Chinese children (6 and 9 years old). We focus above all on grammar and speaking.

01/2021 – CURRENT Florence, Italy

Hostess

During these years I have worked many times as Hostess at various fairs and events in Florence. The roles vary a lot: engaging people, offering gadgets, giving informations, etc..

12/09/2023 – 21/09/2023 Nuit-Saint-Georges, France

Grapes Harvester

I went to France in a little city near Dijon to work as harvester. My task consisted on cutting bunches of grapes.

11/2021 – 06/2022 Sesto Fiorentino, Italy

After-school teacher

I worked daily at the after-school service in the Gobetti preschool. My task was to look after about ten children of 4 years and to play with them.

09/2019 – 01/2020 Sesto Fiorentino, Italy

Tutoring and study help

I worked with two girls (one ninth grade and one eight grade) helping them with their homework.

06/2018 – 07/2018 Sesto Fiorentino, Italy

Children entertainer

I worked as an entertainer in a summer camp with children aged 5 to 10. My task was to supervise them and think about games they could play together.

09/2016 – 06/2017 Sesto Fiorentino, Italy

Basic level rescuer

I volunteered on the ambulances of the Misericordia following the achievement of the first aid certificate.

2021 – 2024 Florence, Italy

Master's Degree in Economic Sciences: Production Systems, Territory and Sustainability
University of Florence

I graduated in Economics, in particular in the field of Sustainability, with a thesis entitled "Agroecology in inland areas: sustainable development practices for food security and environmental protection". The hypothesis underlying the paper is the presence of a comparative advantage in the application of agroecological methods over conventional agriculture in inland areas, both in relation to environmental resources and community organization.
